FIFTEEN CENTS

Schmidt pleads guilty

Henry Schmidt, Antioch, has plead guilty to one count of aggravated criminal sexual abuse. Two counts, of the same order, one involving the victim and one involving another juvenile, were dismissed, according to attorney Mike Fritz. Schmidt was first charged on August 26, 1984.

He entered his plea on Jan. 7, and was given 30 months probation on Jan. 30. The probation will involve psychiatric counseling

and court costs. Schmidt will be forbidden to be on the Oakland Knolls Beach, which is adjacent to his home, when juveniles are present. Juveniles are also forbidden from entering his home, unless they're related, said Fritz.

Once Schmidt offered his plea, the parents of the victim and the alleged victim were contacted for approval before it was agreed to.

Rotary Club hosts exchange luncheon

Kristen Fraser-Mckenzie of Zimbabwe was welcomed, and Kim Tekampe of Antioch was bid goodbye at the exchange student luncheon hosted by the Antioch Rotary Club.

Attending Antioch Community High is a change for Fraser-Mckenzie. Her teachers back home were much more strict and they all wore uniforms, she explained.

Although ACHS is a lot bigger than she is use to, the students, "have all been very kind," she added.

Tekampe, a sophomore at ACHS, is waiting for a host consent form (telling who she will be staying with) to come from Columbia, where she will spend a year.

A transfer student from Carmel, Tekampe has only been at ACHS one year. Originally, she was an alternate in the Rotary exchange, but the girl who had planned to go dropped from the program.

Tekampe has been doing some research before her trip to better prepare her for the coming year.

Lions help establish Leader Dog School

Lions interested in helping blind men and women solve their travel problems established and developed the Leader Dog School, one of the largest organizations of its kind in the world. S.A. Dodge, Donald P. Schuur and Charles A. Nutting founded Leader Dogs for the Blind, a Michigan non-profit corporation in 1939.

The purpose is to train dogs to lead blind persons

and to provide facilities and means whereby blind persons may obtain Leader Dogs. All eligible blind men and women are taught to travel, with safety, with the assistance of their well-trained Leader Dog. Instructors at the School convert ordinary house pets (German Shepherds, Golden and Labrador Retrievers) into lifetime companions capable of leading the blind to their destination. The

Leader Dog School provides mobility - with dignity.

Lions are privileged to offer the services of Leader Dogs without obligation. There is no charge of service. Since the Leader Dog School was founded, over 6,500 "teams" have graduated — with the blessings of the LIONS. For complete information, write Leader Dogs For The Blind, Rochester, Mich. 48063.

Increase in rescue squad volunteers

Expansion of the Antioch Volunteer Rescue Squad in 1984-85 wasn't out of need, but of desire for area residents to help their community. Four probationary members have joined the squad in the last year. Two members are already beyond the half-way point in the paramedic's training course, according to Squad Chief, David Heath.

The squad, made up of paramedics and emergency medical technicians (EMT's), assisted area residents on 950 calls last year.

The men are on the squad "because they want to be (volunteers) and people like that," said Heath.

The squad, fully funded by donations, is not part of the Antioch Fire Department. Two fund raisers are held by members of the squad each year, contributing most of the money required. An auction, as part of the Lions' barbeque each summer and a letter

sent to area residents requesting donations raise most of the money.

"We've always had such good support from the community that we've always been able to raise the money needed, said Heath.

"Many communities can't raise the money or interest to form a squad, he added.

"Antioch has always been very supportive for anything worthwhile," he said.

Area groups and organizations have also donated gifts and contributed money to help keep the squad going, according to Heath.

Becoming a technician requires 150-180 hours of EMT training and becoming a paramedic, 400 hours of training.

There are presently 14 fully-certified paramedics on the squad. Aside from the training, each member must participate in 40 hours of continuing education each year and be tested every other year.

Polley Fields for sports

The Polley Athletic Fields, on Deep Lake and Grass Lake Roads will, as of this spring, be host to many different sporting events, including the Antioch Community High's girls softball team as well as a few other area teams.

The three fields, named after ACHS Superintendent Warren Polley, have, for the past few years, been used strictly for soccer. After a few major readjustments, the fields will be used for various other sporting events including football, according to ACHS Principal Arthur Blecke.

The area will allow for three teams to play and practice at the same time. This will save coaches and students a lot of time and aggravation, said Blecke.

Until now, the girls softball team has used the field at Antioch Upper Grade School for practice and games.

"We already have three backstops partially constructed for softball," said Blecke.

About 300 feet of fence, six-foot high, will be placed around the area and a 'shelter' was put up last year

to provide protection from bad weather.

The fields will not only be a convenience but will keep the grounds surrounding the school in better shape, according to Blecke.

St. Peter Board to elect members

On April 30, two members of the school board (Linda Pedersen and Patricia Kenyon) will have completed their terms. St. Peter Parish consequently will vote for their replacements. To provide for a smooth transition in selecting their replacements, the school board has developed and adopted the following procedures for nominating, qualifying and electing members of the parish school board. Terms are for a period of three years. Members may serve a maximum of two elected terms.

The election committee will be appointed annually by the school board chairman, including ex-officio members of the board and board members.

The election will be held on April 28, 1985.

Voting will take place after each Mass (including the 5:30 p.m. mass on April 27). All adult parishioners or parents of St. Peter School children are eligible to vote. Parish rolls will be used to determine voter eligibility. Election committee will be responsible to appoint election judges.

A simple majority will be sufficient to elect a member. In the event of a tie, a run-off election will be held on the following Sunday. Results of any run-off election will be announced on the Sunday after the run-off.

Election results will be published and announced on Sunday, May 5.

Elected members will be seated at the first regularly scheduled meeting after the election, i.e., in May.

Ballots will be made available in Fr. Frawley Hall after each Mass.

Prospective members must qualify according to school board requirements. They must have resided in the community for at least six months; be a parish member or parent of St. Peter school child and must be a minimum of 18 years old. No person employed by the school may serve on the board.

Candidates for board membership must submit their application-petition signed by at least 10 parishioners or parents of St. Peter School children to the principal, no later than 3 p.m. Tuesday, March 12. Application-petition forms will be available at the school office beginning Feb. 1. Names will appear on the ballot in the order petitions are filed.

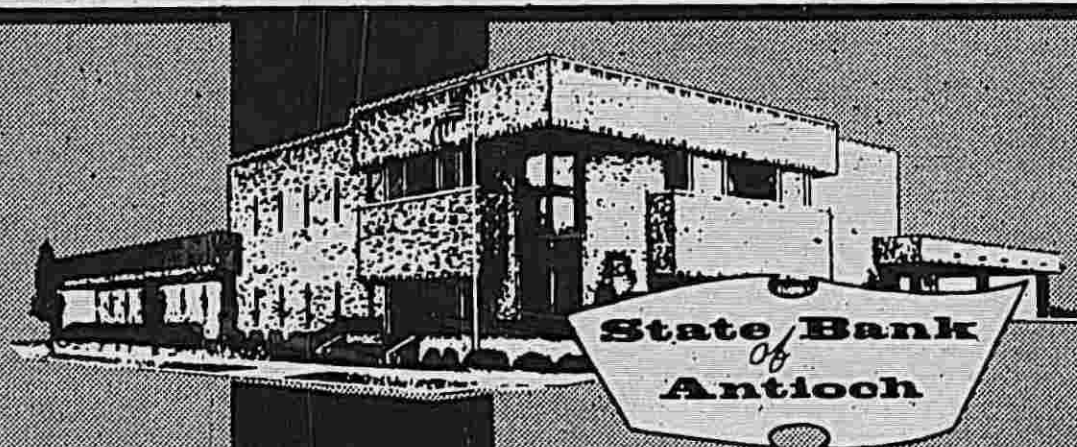

The election committee will be responsible for certification of all applicants. Election committee will accept all application-petitions. Election committee will determine eligibility and acceptance of candidates to the school board.

Announcement of qualifying candidates will be made at the regular school board meeting of March 14.

In the event a candidate does not qualify, he or she will be advised of the decision as well as the reason for his or her failure to obtain certification prior to March 14.

Any candidate will have the opportunity to question the election committee should he or she fail to obtain certification and present his or her case in favor of certification prior to March 14.

Election committee will be dissolved after completion of elections.

Finance committee names Korecek

Laddie A. Korecek Jr. has been appointed chairman of the Finance Committee for the Antioch Redevelopment Commission. A fully licensed Investment Executive, Korecek and his committee bring the financial experience necessary to create financing for the revitalization program to proceed.

Committee members include, Don Skidmore, Antioch School District 34 Superintendent, Ken Wershiem, business manager Antioch High, Jack Fields, First National Bank of Antioch and Woodruff Kelly, president of W.S. Kelly and Associates, Inc.

The committee will work in two separate areas. The first will be the acquisition of funds to start and complete the improvements necessary

in the designated district. These funds will come, basically, from three areas; tax incremental funding, the sale of acquired properties and federal or state programs.

The second area will find low-cost funds for property owners and tenants to make the necessary improvements for their buildings.

"We are fortunate that there are several communities in Illinois that are well into their revitalization program. Because of their experience we can learn from their mistakes and avoid most pitfalls," said Korecek.

"We expect to begin the research necessary to begin the project and hope to report our findings to the commission by April or May," he added.

Scouts celebrate 75th anniversary

The Boy Scouts of America will be 75 years old next Friday, Feb. 8.

The Southeast Wis. Council, which serves Kenosha and Racine Counties, will join the nation's other 412 local Scout councils and the more than 4.7 million members of the youth organization is marking the Diamond Jubilee. It was on Feb. 8, 1910, that the group was formally organized in Washington, D.C.

Anniversary Week, Feb. 3-9, will be marked by a variety of special programs, according to Larry Lundholm, council scout executive.

Scout Sunday is Feb. 3 and Scout Sabbath is Feb. 9 and will be observed in special ways. Many churches will emphasize Scout Sunday with Cub Scouts, Boy Scouts and Explorers participating in the services. Individual packs, troops and posts plan for window displays in local stores. Cub Scout Packs will hold "Blue and Gold" patriotic meetings. Boy Scout troops will plan special Courts of Honor. All will be participating in the scout show scheduled for Saturday, Feb. 9, at Regency Mall.

The purposes of scouting have not changed one bit over the years, Lundholm noted.

"We still strive to build character, instill ideals of good citizenship and foster fitness in young people."

The methods of delivering this program, however, have changed to keep pace with the times.

Currently, stress is being placed on teaching young people to make ethical decisions, according to Lundholm. It is an outgrowth of a major program called Shaping Tomorrow.

The Diamond Jubilee theme is "Pride in the Past...Footsteps to the Future." Lundholm said that all council and district events during the year will highlight that theme. In addition to the scout show on Feb. 9, the Diamond Jubilee theme will be carried in Cub Scout day camp, Boy Scout summer camp, various training courses such as the Junior Leader week-long training conference in June, the intensive Boy Scout leader training known as Wood Badge, set for August and September, and a council-wide Boy Scout leaders "hoedown" in September. The National Boy Scout Jamboree, set for July, will also carry out the "Pride in the Past...Footsteps to the Future" Diamond Jubilee theme.

Legion Dinner

The Antioch American Auxiliary Unit 748 would like to remind unit members, legionnaires and their families that the unit's birthday party will be Feb. 8 at 6:30 p.m. in the Legion Hall. The dinner will be "pot luck". Any questions, call Eunice Rathmann. Members are asked to bring appropriate items to be used for prizes.

Income tax help available

Free income tax assistance is available in the Antioch area to individuals who cannot afford professional tax help, particularly to low income, elderly, non-English speaking and handicapped taxpayers.

People with relatively simple returns can obtain help in preparing basic tax forms through the Volunteer Income Tax Assistance (VITA) Program.

VITA assistance will be offered January 9-April 11 at St. Ignatius Episcopal Church Guild Hall located at 938 Main Street, Antioch from 4:30 p.m.-7:30 p.m. each Tuesday and Thursday. If these times are impossible other appointments may be made by calling Mr. James Haake, VITA coordinator at 356-2549.

Taxpayers can also receive information on tax benefits such as the credit for the elderly, earned income tax credit and the child care credit.

Individuals seeking assistance should bring pertinent tax documents such as W-2 forms, interest statements from banks, copies of their 1983 income tax returns and the tax package received in the mail.

Illinois exempts many from jury duty

Should a legislator be called for jury duty? What about a doctor or a newspaper editor? Illinois law now exempts people in a broad range of occupations and professions from jury service.

"By exempting important segments of the community from serving on juries, we are limiting a jury's ability to reflect the entire community's conscience and values," DeMoss said. "Instead of treating jury service as a nuisance which only some must bear, we should treat it as a shared civic duty. While it is unlikely that a governor of the state will actually be selected to sit on a jury, all people should be subject to a call to service."

Any change in the current exemptions would have to be made by legislative action, and the State Bar would support such efforts.

The State Bar is also urging the court system to study ways jury service might be made more convenient for jurors.

Specifically, the Illinois Judicial Conference is being asked to consider whether changes should be made in juror compensation, transportation allowances, parking facilities, comfort in the waiting room, the use of jurors' time and child care.

In recent years, some Illinois courts have tried to lessen the time commitment for jurors through one-day or one-trial terms of service. Some courts also provide telephone answering devices so jurors can call and learn if they must report for service on a given day.

"There needs to be a comprehensive study to ensure that jury service does not become an undue burden because citizen participation is an essential part of our justice system," DeMoss said.

Gov. James R. Thompson recently announced appointments and reappointments to the Illinois Health Facilities Planning Board and the Illinois Housing Development Authority:

HEALTH FACILITIES PLANNING BOARD: Marjorie Albrecht, Princeton, housewife, reappointed, term expires June 30, 1985; Donovan Gardner, Pontiac, Administrator, Evenglow Lodge, reappointed, term expires June 30, 1986; Dr. Alexander Goldstein, Harrisburg, physician, reappointed, term expires June 30, 1986; Thomas Hestland, Marion, Insurance Broker, Hestland Insurance Agency, reappointed, term expires June 30, 1987; Ernest Jenkins, Chicago, Executive Assistant to the President, YMCA of Metropolitan Chicago, appointed, term expires June 30, 1987.

Also, Mary Barb Johnson, Lake Forest, attorney, appointed, term expires June 30, 1985; Harry Kirschenbaum, Chicago, Business Manager, General Service Employees Union, AFL-CIO, Local 73, reappointed, term expires June 30, 1985; James Mann, Chicago, Attorney, Isham, Lincoln Beale, reappointed,

Jonathan Shattuck, Wilmette, Vice President, Health Care Service Corporation, reappointed, term expires June 30, 1985; Pam Taylor, Danville, Registered Nurse, Lakeview Memorial Foundation, reappointed, term expires June 30, 1987; Bernard Weiner, Kankakee, Insurance Agent, Weiner Insurance Company, reappointed, term expires June 30, 1986.

ILLINOIS HOUSING DEVELOPMENT AUTHORITY: Fred Lutz, Lebanon, President, Century Brass Works, reappointed; Arthur Quern, Evanston, President, Rollins Burdick Hunter Company, reappointed; Dr. Rudolph Shultz, Springfield, Minister, Union Baptist Church, reappointed; A.D. Van Meter,

Springfield, President, Illinois National Bank, reappointed. The appointments expire Jan. 9, 1989.

The Illinois State Bar Assn. has taken a position that all occupational exemptions should be abolished in the hope that juries will be more representative of the community, a requirement established by the U.S. Supreme Court.

Among those now exempted from jury service are the governor, lieutenant governor, other elected state officials, legislators, judges, clerks of courts, sheriffs, coroners, postmasters, practicing physicians and dentists, attorneys, all officers of the United States, members of the clergy and religious communities (including Christian Science practitioners), mayors, police officers and fire fighters, and all persons on the editorial and mechanical staffs of newspapers.

Officers and enlisted personnel of the Illinois National

Guard and naval militia are not only exempt during their period of enrollment, but for a like period after their termination.

"The list of exempted occupations has grown to such an extent that the representative nature of juries is threatened," according to Jon W. DeMoss of Springfield, President of the 27,000-member State Bar. "Undoubtedly, there are valid reasons for some of these exemptions in some cases, but the blanket approach is reducing the available jury pool and is putting an uneven burden on some segments of the community."

The U.S. Supreme Court, in a 1975 decision, stressed that community participation on juries is "critical to public confidence" in the justice system, and that "excluding identifiable segments playing major roles in the community cannot be squared with the constitutional concept of the jury trial."

Projects for home health underway

According to Director Janet S. Otwell of the Illinois Dept. on Aging, four project sites have been selected to receive funding for the department's Home Health Demonstration Project, a research effort that will explore the unmet need for home health service and examine the possibility of adding the service to the

state's in-home care program.

The home health agencies selected for the project and their geographic coverage area include Park Forest Public Health Nursing Service, Park Forest and Richton Park; Pike County Health Dept., Pike County; Visiting Nurse Assn. of Evanston, Evanston and

Niles Township; and Visiting Nurse Assn. of Rock Island County, Rock Island County.

A total of \$260,000 is expected to be directed toward the projects over the next eighteen months.

"We are trying to collect data that will tell us how many people in the state need home health, but do not

qualify for the service under Medicaid or Medicare. This information will help us determine if home health should be one of the services provided through the dept.'s Community Care Program," Otwell said.

A statewide program designed to help older persons continue living in their homes if they do not need the

24-hour care offered in a nursing home, the Community Care Program offers chore/housekeeping, home-maker and adult day care services.

In addition to such household tasks as vacuuming, laundry and dishes, assistance in home management and personal care and hygiene, home

health care can also include skilled nursing care, something which the program has not offered in the past.

OU student awarded CLC offers ACHS training

Bill Seichowski, Antioch, was presented with a \$500 scholarship by the Oklahoma Masonry Advancement Fund. Seichowski is a senior in civil engineering at the University of Oklahoma. Paul LaVene, executive director of the Oklahoma Masonry Institute, presented him the scholarship.

Seichowski is a member of the OU chapter of the American Society of Civil Engineers and president of Chi Epsilon civil engineering honor society. He is interested in construction and structures.

"The scholarship is industry's contribution to the effort to keep people like Bill in the lifeline of our profession," said LaVene.

The sophomores of Antioch High School will become aware of the opportunities available at Lake County Area Vocational Center (LCAVC) at a presentation to be given Jan. 31. The presentation will take place during periods 1-10 in the auditorium. Any junior interested in attending may do so.

Students wishing to attend the LCAVC next year may participate in mini-sessions, Feb. 6. Perspective students will be assigned to attend with a student presently enrolled in the program they're most interested in. Students can receive

detailed information through the guidance office.

Antioch High would like to remind the classes of 1986 and 1987 of the many career training opportunities at LCAVC. Programs offered are ornamental horticulture, media specialist, auto mechanics, machine shop, auto body, small engine, recreation vehicle repair, welding-fabrication, building trades, industrial electrical maintenance, electrical equipment repair, graphic communications, cosmetology, care and guidance of children and commercial food service.

ACHS new staff

Antioch Community High welcomes their new staff members for the second semester

Sue Baumgartner, Business Education Department, replaced Joanne O'Connel; Judith Smithhisler, Math Department, is replacing Eugene Lischewski; Janet Eppers, school nurse, replaced Barbara Lindholm and Judy Freund, counselor, replaced Charles Linholm.

Merchant looks forward to face-lift

The redevelopment of Antioch's downtown area will be a welcome sight to many, including area merchants

"Antioch's changing its style will bring more people to the area to see what the change is all about, said Davis Waters, manager of Barnstables on Main Street.

"We get a lot of trade from other communities, said Waters.

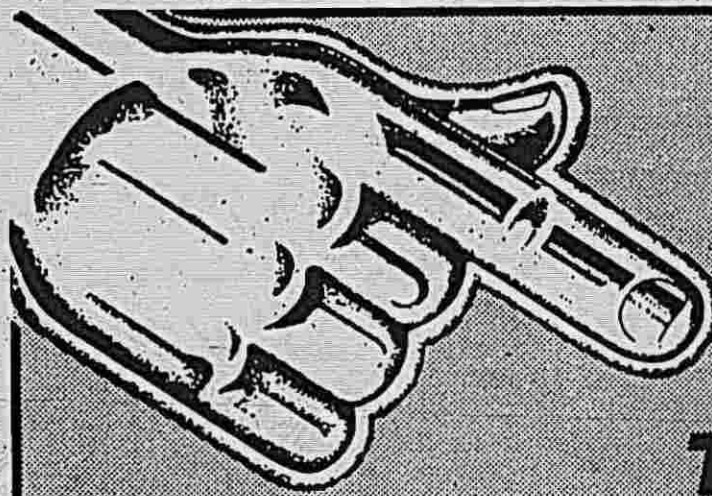

"When they put the new street in, it will bring in more traffic," he added.

Since present owner Don Peterson bought the store

from Russell Barnstable, 15 years ago, he has made a few minor changes. Expanding the back end of the store and discontinuing a children's line of clothing were a few.

The store offers a selection of men, young-men, women and young-women's clothing for the "better dressed person," said Waters.

As far as an increase in business, Waters said they did slightly better in 1984 than in 1983, but basically were "just keeping up with inflation," he added.

Agencies standardize fish testing

Three Illinois state agencies (Public Health, EPA and Conservation) have entered into a cooperative agreement with three other

states and two federal agencies to standardize the testing and advisory processes used with fish taken from Lake Michigan.

The purpose of the agreement is to provide con-

sumers with consistent, reliable advice concerning contaminants and health hazards associated with consuming fish taken from Lake Michigan.

The agreement calls for

the Illinois agencies, in conjunction with similar agencies in Indiana, Michigan and Wisconsin, the U.S. Environmental Protection Agency and the U.S. Food and Drug Administration to

adopt uniform methods of collecting and testing fish, and to coordinate public advisories concerning human consumption of Lake Michigan salmon, trout and perch.

ACHS winter program

The Antioch High School Winter Intramural Program will begin Jan. 22, with raquetball, handball, table tennis and weight lifting. The program will be held Tuesday and Thursday from 3:15-4:05 p.m..

Beginning Jan. 28, the intramurals will host indoor soccer on Tuesday and Thursday from 8-9:30 p.m. The indoor soccer will run for eight weeks. Both programs are open to all ACHS students.

Senior program submits

The Retired Senior Volunteer Program (RSVP) of Lake County is participating once again in the President's Volunteer Action Awards program by submitting nominations of volunteers that service Lake County. This year RSVP has submitted three of their volunteers that served the most hours in 1984.

Adeline Walther, RSVP's top volunteer of 1984, services Victory Memorial Hospital in Waukegan. Adeline not only volunteers in the hospital's gift, flower, mail and surgical units, but also serves as a member and past officer of the VMH Auxiliary. To date, Adeline has served over 6500 hours at Victory.

Emily and Tony Merlock are a husband and wife team that service Catholic Charities. The Merlocks were both awarded by RSVP in 1984 for their many hours served in Lake County. Tony provides transportation and recreation to Catholic Charities and various area senior centers. He also serves on the Center's Advisory Council. Emily Merlock donates most of her many talents to the volunteer effort. In addition to serving Catholic Charities, she also donates time to the American Red Cross, RSVP Marine Reserve and Victory Hospital. She too serves on the Center Advisory Council at Catholic Charities, in addition to their Agency Senior Council. She has a never-ending source of talents, and seems to thrive in sharing them with others.

The President's Volunteer Action Awards, co-sponsored by VOLUNTEER, The National Center and ACTION, were created in 1982 to honor those individuals and groups that make unique contributions to their communities through volunteer service and to focus public attention on these efforts. These awards will be presented in Washington D.C. during the week prior to National Volunteer Week, which is April 22nd thru the 28th.

Sequoits have tough weekend, face Warhawks

The Antioch High School Boy's Varsity Basketball team had a very disappointing weekend as it lost two North Suburban Conference contests to fall to 5-7 in conference action.

The Sequoits started the weekend off by losing at Lake Forest 51-49 and completed it by losing to Libertyville at home 52-47.

Antioch was led in scoring and rebounding by junior Dave Grindley, who had 10 points and five rebounds.

Lake Forest jumped out to a 33-18 lead at the half, but the Sequoits came back in the third quarter to outscore the Scouts 19-4 and tie the game at 37-37.

Against Libertyville, head coach Don Zeman mixed up his starting line-up and as a

result, Libertyville jumped on the Sequoits 17-8 at the end of the first quarter.

Antioch stayed close but couldn't overcome the Wildcat lead. Grindley was again led the Sequoits in scoring with 12 points and junior Don Gunther added 11.

Grindley led the Sequoits in rebounding with seven boards, while Antioch outrebounded the Wildcats 22-19 overall.

Thank You

I WOULD LIKE to thank, all my friends and relatives for their many cards, flowers and prayers while I was in the hospital.

Linda Andrea Goode

The Sequoits will travel to North Chicago on Friday, Feb. 8 to play the Warhawks in a North Suburban Conference match-up.

Antioch is 7-12 overall and is in sixth place in the conference. North Chicago is 6-11 overall and 4-8 in the conference (seventh place).
